

Treatment of Family Members

I. POLICY

It is the policy of the Medical Staff of Cabell Huntington Hospital that (i) members of the Medical Staff and (ii) providers credentialed by the Medical Staff may not admit or provide consultation or care for members of their immediate families, administer anesthesia, write orders or observe at surgery except in a bona fide emergency as determined by the President of the Medical Staff or designee.

For the purposes of this policy, “members of their immediate families” shall be defined to include grandparents, parents, siblings, spouses, ex-spouses, children (including children by blood, marriage, or adoption) and grandchildren.
